## Changing the Nations One Life at a Time

You may never take the opportunity to go to college and be trained for ministry.  
You may never take the opportunity to go to another country to be a missionary.  
You may never take the opportunity to become a vocational minister, worship leader or youth leader.

However, you can take these opportunities when you invest in the life of another person for as little as \$20.00 a month. Change the nations one life at a time. Give of yourself and help someone else train for ministry at VBCI.

## By changing a leader you'll be changing a nation.

At Victory Bible Colleges International, we have a vision to equip the next generation of Christian Leaders to impact the Nations. But we cannot do it alone! It's only when individuals and churches partner with us that this dream can become a reality.

Your generous donations to VBCI enable us in training our future leaders to become individuals of outstanding character, empowered to answer God's call and make an impact in our Nation and in the World.

For this purpose we invite you to become a monthly partner with VBCI. Partnership is a way of joining hands and resources, achieving more than any one of us could ever do alone. When we stand together in faith and prayer, we can train men and women to reach this world with the gospel of Jesus Christ.
